## **Klamath Falls First United Methodist Church**

**20/20 Vision  
Campaign**

**We're Changing  
We're Growing!**

**What is the project?**

Updating, remodeling and revitalizing areas in the church building and grounds to make it more inviting and welcoming to the congregation, future members and the community.

# 20/20 Vision Campaign Facts

## Why are we doing this project?

Our church is 80 years old. Praise God! There are areas in our church that have suffered damage over the life of the building. We would like to repair, update and rejuvenate the building and grounds so that we can be a thriving congregation within the community, worshipping and sharing the Word of God, for at least another 80 years.

## When are we planning to renovate?

There are many improvements that are needed. We are planning on making improvements over the next ten years. One project will be run at a time as funds become available, and as soon as it is completed, the next one will start.

## Who will benefit most from the renovation?

Everyone will benefit from the renovations. Our local congregation will benefit from the improvements by making the church more pleasing. The local community will benefit by having a more inviting church to encourage new members. Our church conference will benefit by having an example of the positive influence that Klamath Falls First United Methodist Church can have.

## How much will it cost?

The changes to our facility include both interior and exterior improvements. The projects on the March 2010 Priority List will cost at least \$250,000.

## Why are we having a capital campaign?

A capital campaign provides an opportunity and an incentive for members of the congregation to make a commitment to this Vision. We are having a capital campaign so that money above and beyond the congregation's regular giving can be raised to complete the renovations.

## Who is leading the campaign?

Carol Usher is leading the capital campaign with significant and prayerful support from the Vision Committee and Trustees.

## What are the major campaign dates?

**March 7, 2010** Capital Campaign Begins

**April 25, 2010** Vision Sunday

**April 27, 2014** Capital Campaign Completed

**December 31, 2020** The Vision is Completed

## What kind of commitment will I be asked to make?

We ask that the congregation take the opportunity to pray about our renovations projects and what kind of commitment you can make.

Pledging for a capital campaign is an opportunity to make a commitment to give above and beyond regular pledging to the church.

We suggest that capital campaign pledges be paid to the church over a four year period. With everyone pitching in we will be able to see our vision completed. If you have any questions about giving options for this capital campaign please contact the Vision Committee.
