

My name is Carol S. Usher. I am married to a wonderful husband named Ken. We have three children Evelyn, Iain and Scott. I am a nurse at Sky Lakes Medical Center. We have been members of this church since 2000. I see God leading our church in all the outreach events for our community. Ken and I will be giving a significant financial contribution over the last three years of the capital campaign. In many ways, I feel our family is blessed by our financial circumstances, but we will have to plan carefully to both contribute to our church's capital campaign and support our family while we live in Canada next year. While in Canada Ken will receive only part of his pay, I will not be able to work, and we will have plenty of extra expenses, so we will fulfill most of our pledge when we get back to Klamath Falls. There truly is not one size that fits all—different families will find different ways to support our church's vision. I want to see our outreach programs grow and I would like to see our Youth group grow. Please join me in making a commitment for the future growth of our church!
